Mayor read Village Administrators letter to Cemetery Board- asking the Board to consider Legislation regarding flat memorial plaques similar to the Vet markers for plot holders who would like to do so for a loved one. Claude is going to check into pricing and sizes. The Mayor was asked to take to service and the Solicitor to have legislation made up for the Board to review with fill in the blank areas. The Board will review and send back final wording to service and send to Council at the April Meeting.

Cemetery plots- we have a party that wants to buy plots next to there son. The Board is asking the Administrator to mark area and then let the Board know and they will stop at Cemetery and review. Claude asked that he be called when it was being done.

The board discussed making a 2 to 3 year plan for improvements/repairs at the Cemetery and would like to request the Solicitor to contact the Trustee when it is ready after review from Council.

The 30 urns that are planted yearly- Kim is going to get pricing from local greenhouses. If we take the urns to them now to be planted (so the can get a head start). What kind of cost we are looking at vs. planting them there selves. Claude would like to ask V.A. if he can use the John Deere to do work at the cemetery.

Board will have another meeting the last week of March to make decisions so legislation can go to the April service and Council meeting.
