"GREETINGS: Well, summer has arrived with a vengeance and so far, has been great! I hate to mention the word 'rain', considering what's been

happening down south, but we could use a little of the wet stuff up here. Not too much, but just enough to keep the crops growing.

This issue covers the months of July, August and September, plus some past events. Please read and enjoy

"FROM THE MAYOR'S DESK

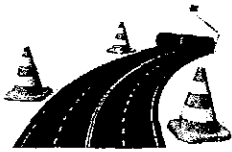

PARKS

Thanks TO all of you who took the time to fill out the survey for the Village Park. Village Council along with the DMRC members, we will be working together with CT Consultants to put a plan in place for applying for a grant next year to make improvements to the park.

You should also take note that with the Service department's hard work and a very nice donation of gravel from Brugmann Sand and Gravel, we have a very nice drive/turnaround for canoe/kayaker. It makes it easier to put in and takeout at the east end of the park. Thank you to all of the Brugmann's and VanAuken's for your assistance. Also at the park we replaced 6 benches either in the park or on the trails. Also the DMRC helped cleaningup the area on River Day in May.

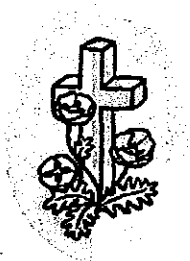

The American Legion Building/Lodge, will be sided this summer, we have received three estimates. Council has already approved the dollar amount, so once we review the estimates we will contact the business that we will be going with.

ROAD PROJECTS FOR THIS YEAR

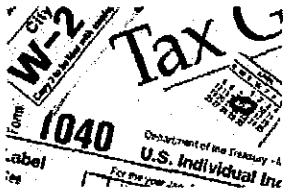

The major project this year will be High St from corporation limit to corporation limit. The bid opening for this will be around July 8, 2016. It will be grinding, profiling and paving and a waterline replacement at the park.

We will also be doing some paving projects on Oak Street and the section of Second Street between Franklin and Prospect.

CEMETERY

I want to thank Cemetery Board, Claude, Cookie and Pat for doing all the planting of the urns and gravel sites at the cemetery and service department for all the cleanup they had gotten done before Memorial Day.

INCOME TAX REVIEW BOARD

The Village is required to have a review board in place. This is in case you don't agree with the income tax clerk, you can schedule to go before the review board and be heard. It is a (3) three member board.

We have (2) two people already and only need one more. If you are interested please contact me at
330-274-8776 ext. 155

A note from Jenny

I am loving this time of year! I like the grilling out and fresh local vegetables! I am not real wild about hot days, though. Give me 80-85 degrees, sunny and breezy every day!

Let's get you caught up a little bit about the village's finances; after all, it is your money! We continue to remain cautious with our money and the Finance committee analyzes our spending every month. We are on track. We are paying down our village's financial obligations while trying not to add any new debt, yet we are doing a lot of projects to better the village for our residents. It is tough, but we continue to carefully push forward.

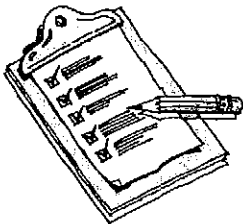

Some of the discussions that we have had in our finance meetings are related to the park lodge building. We have never increased the rental fee. Our costs include electricity, natural gas, and paper products such as paper towels, trash bags and toilet paper. We discovered that we are actually not even charging enough to cover those things, let alone any major maintenance and repairs such as the new roof we had put on last year and the new siding that we plan to have put on this year. The bottom line is that we are losing money. Reluctantly, Council had to increase the rental fee so it is more in line with what our neighboring communities are renting their facilities for. A resident can rent the park lodge for \$100 (it was \$75) and non-residents can rent it for \$150 (it was \$100). Council also is allocating a specific amount of those increases to a park capital improvement fund that will be used for major maintenance & repairs and hopefully some new playground equipment.

If you haven't been down to the lodge lately, I would like to call your attention to the new paint job, that was badly needed. The Parks Board supplied the paint and the labor was donated by Sherry Horvath. Nice job Sherry!

Another topic that is being discussed in the finance and service committee meetings is the concept of a storm water management fund. The storm sewers in the village are in very poor condition and many don't do their job, whatsoever. Some just need jetted out. Nearly all communities have this dedicated fund, and with the history of flooding that we have had, it is important to have properly functioning storm sewers and drainage. We will keep you posted on this.

Have an enjoyable summer! Cheers, Jenny

A NOTE FROM COUNCIL

It has been 6 months since I started serving on the Mantua Village Council. It has been a busy and interesting 6 months. At my first Council meeting, Marty Hura was elected Council President, and As President he fulfilled his duty by assigning all council members to fill the various committees. I was assigned or appointed to the Finance Committee and Safety Committee. To my surprise my fellow Finance Committee Councilmen, Ben Prescott and Giles Seith, elected me Chair at my first meeting. Fortunately, the Committee has been very patient in giving me time to learn the duties of being Chair as well as working to develop an understanding of Village finances. Also, Jenny August, the Village Clerk-Treasurer, has been very patient and willing to school me.

Safety Committee consists of Chief Buchert, Councilmen John Clark and Giles Seith (Committee Chair). Early in the year, Chief Buchert became aware that

Garrettsville would be closing their Dispatch Office and in need of Dispatch services for their Police and Fire Departments. Chief Buchert began working with area safety forces to develop a Centralized Dispatch District within the Village to service surrounding neighborhoods Police, Fire and EMS departments. Chief Buchert worked diligently with 9 area safety entities to promote the establishment of a cohesive, Centralized Dispatch District within Mantua Village. At this writing, the Centralized Dispatch will consist of Garrettsville Police, Hiram Police and Fire, Mantua-Shalersville Fire Department and Mantua Village Police.

~~~~~  
**News from the Service Department:**

Our road crews have been busy addressing the biggest problem areas on the roads and we will continue to work on them throughout the good weather. You will also see roadwork done this summer, including Oak St and part of 2<sup>nd</sup> St. We also received a grant that will allow us to do work on High St.

Brush pick-up for 2016 is scheduled for the second Tuesday of every month. Please stack your clean brush with cut ends towards the road. Pieces should not exceed 3" in diameter or 10' in length. Brush with thorns or clumps of roots and mud will not be taken. Please keep in mind that we will spend no more than 15-20 minutes at any residence. If your pile cannot be chipped in that time frame, the remainder will be left until the next month.

Summer brings many chances to celebrate and plan family and group gatherings. Don't forget that our park lodge, pavilions, and sports facilities can all be reserved in advance for a small fee. If you want to reserve a date or have questions about rentals please feel free to call our office at Village Hall.

Don't forget to sign up for our AMG Alerts. You can sign up by going to [mantuavillage.com](http://mantuavillage.com) to get a free text, phone call, or email sent to you whenever there is an emergency in the Village.

## **MANTUA REVITALIZATION VOTES TO SUPPORT PROJECTS IN MANTUA VILLAGE**

Downtown Mantua Revitalization met recently and voted on two important issues: the Flag tower Project and a project to remodel Buchert Park in Mantua.

The ongoing project to rehabilitate the historic Flag Tower that sits in front of the Mantua Village Administration building has been mostly completed. A committee of Jim Oster from Mantua Revitalization, and community members Bob MacClearie, Norm Erikson, Tim Benner, Harry Buchert and Claude Hopkins have overseen repairs, lighting, and landscaping. The flag was raised in June 2014. Only painting the tower itself remains. Mantua Revitalization voted to assume the cost of painting which is estimated to be \$7200. Paint has been donated by Sherwin Williams.

The Board of Trustees of Downtown Mantua Revitalization also voted to provide the \$5000 needed to have an architectural design created by C.T. Consultants develop a plan revitalize Buchert Park in Mantua Village. Updating the park to make it a more welcoming area for community families is goal of this project.

Downtown Mantua Revitalization is a non-profit, member directed group that provides support for the Village of Mantua.

### Hattie Larlham Benefit

Lakeside Sand and Gravel held their annual benefit for the Hattie Larlham Foundation. This year they raised \$7,000 for the Foundation. Assisting the folks at Lakeside were members of the Crestwood Lions, who brought in their food trailer and cooked hot dogs, hamburgers and French fries. Between the sausage sandwiches provided by Lakeside and the Lions, none of the attendees left hungry. Plans are already in the works for next years' event.

CRESTWOOD LIONS HOST 3RD ANNUAL

HEALTH FAIR/COMMUNITY PICNIC

The Crestwood Lions will be hosting their 3rd annual Health Fair/Community Picnic on Saturday, July 30th from noon until 4pm at Buchert Memorial Park. The Lions will again be providing free food and beverages for all attendees. They've arranged for free eye screenings, blood testing, and plan on having various representatives from different health fields to answer any questions you may have. You like music? They'll have music. In addition, there will be representatives from different companies in the area to provide information on their services. There will be a 50/50 drawing and raffle prizes.

This event is family friendly and there may be more presenters than listed. The only way you'll know is to come and see for yourself, and have the opportunity to meet members of the Crestwood Lions Club. All monies raised will be used for community projects. Have eyeglasses you no longer need? Bring them - the Lions will have a collection box to accept any amount of eyeglasses you turn in.

If you would like to be a part of this event, please contact the event co-chairs, Lori Dent or Rick Fredrick at 330-256-8462 or 330-678-3981. Lori's email address is: loriandleo@ohiohills.com. They're still looking for presenters and donations of raffle prizes.

### SUMMER SAFETY - BUG BITES AND STINGS

Bug bites and stings usually are just annoying, causing temporary discomfort and pain, but no serious or lasting health problems. But sometimes, they can cause infections that require treatment and allergic reactions that can be serious, even fatal.

Parents should know the signs of an infection or allergic reaction, and when to get medical care. Inform all caregivers if a child has any history of complications so they know what to do in the event of a bug bite or sting.

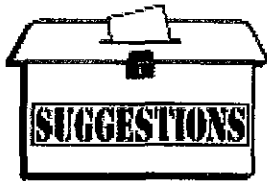

Bug bites and stings usually are just annoying, causing temporary discomfort and pain, but no serious or lasting health problems. But sometimes, they can cause infections that require treatment and allergic reactions that can be serious, even fatal.

Parents should know the signs of an infection or allergic reaction, and when to get medical care. Inform all caregivers if a child has any history of complications so they know what to do in the event of a bug bite or sting.

### Handling Bee and Wasp Stings

- A bee will usually leave behind a stinger attached to a venom sac. Try to remove it as quickly as possible using a scraping motion, without pinching the venom sac at the end. (Wasps don't leave their stingers in the skin after stinging, which means they can sting more than once.)
- Wash the area carefully with soap and water. Do this two to three times a day until the skin is healed.
- Apply an ice pack wrapped in a cloth or a cold, wet washcloth for a few minutes.
- Give acetaminophen or ibuprofen for pain.
- For pain and itching, give an over-the-counter oral antihistamine if your child's doctor says it's OK; follow dosage instructions for your child's age and weight. You could also apply a corticosteroid cream or calamine lotion to the sting area.
- A sting anywhere in the mouth needs immediate medical attention because stings in oral mucous membranes can quickly cause severe swelling that may block airways.
- Seek medical care if you notice a large skin rash or swelling around the sting site, or if swelling or pain persists for more than 3 days, which could indicate an infection.
- The following signs may indicate a serious or potentially life-threatening allergic reaction. Use an epinephrine auto-injector if it's available, and call **911 right away** if you notice:
  - wheezing or difficulty breathing
  - tightness in throat or chest
  - swelling of the lips, tongue, or face
  - dizziness or fainting
  - nausea or vomiting

If your child has had an allergic reaction to a bee or wasp sting in the past, see your doctor for a prescription for an epinephrine auto-injector.

As I remind everyone, in each issue, this is YOUR paper. It is about Mantua, its people, places and events.

If you have anything you would like to hear about, any ideas, suggestions or criticisms, please let me know. Write to me c/o Village Hall, 4650 W. High St., P. O. Box 775, Mantua Ohio 44255, Call me at 330-274-8737 , or email at [mantuumatters@gmail.com](mailto:mantuumatters@gmail.com).

If you belong to an organization or club, I will be happy to print any information on your meetings or upcoming events.

Bye for now, see you in October!
