Motion to excuse Ashley, by Scott second by Don all yeas

Nominations for chair: Scott said Ashley Don second all yeas

Motion to accept the minutes by Don second by Lisa all yeas

Mayor presented quotes for the dog park.

Dog Park Quotes 2019

1. Auburn Fence: 4' galvanized, 3 – 4' wide gates \$8,990
2. RT Fence: 4' galvanized, 3 – 4' wide gates \$16,990
3. NEO Fence: 4' galvanized, 3 – 5' wide gates \$9,465
4. Daniel's Fence: 5' galvanized, 3 – 5' wide gates \$11,150

667' fencing per plan drawings

5. Jackson Fence: 2 four-foot options and 2 five-foot options. All include 720' with three 4' gates and two 6' gates. Vinyl coated chain link fence in three color options
 - o 4' 13 core weight fence wire \$6,850
 - o 4' 11 core weight fence wire \$7,725
 - o 5' 13 core weight fence wire \$7,925
 - o 5' 11 core weight fence wire \$ 9,250
6. Yoder fencing- Marty and Scot went by Paula's to look at it.

After much discussion, Scott recommended going with Jackson as they pointed out many things we hadn't thought about. Like 2 six ft. gates to get mowers or other equipment in the area. Going with the heavier grade fence as it would be harder to damage. And going with a vinyl coating for less maintenance. Lisa made the second all yeas. Going to move forward after we confirm funding and Mayor and John show it to the DMRC liaison board.

Trail signs from Rotary still no up but we still have not gotten a letter from the rotary that confirms that Aetna Plastics is okay with it being on their property. Mayor was asked to contact Aetna direct. So we can get it done.

Mini Park update: The tables, chairs and benches and trash/recycle containers are in place. The Mayor said from reading the DMRC minutes that they are waiting for Ellie Stamm to get the sun sail post

painted and they need someone to make the holes in the concrete. Also the company that they were going to get the sun sails from went out of business.

Camera's Mayor will speak with the Chief again, as he thought since we didn't get the grant we didn't need it.

Greg says the DMRC has a new idea for where to put the directional sign. The committee review the update they asked the Mayor to do. It still need some more changes, Mayor will work on it for next month. Greg says the DMRC wants to incorporate it with the maps of the Trails. The committee would like to see a sample idea.

Greg then advised about some things happening with the rails to trails and that May 6 id Dog Park Day. And that the Buckeye Trail Town people have approached the DMRC for some things that they want to do on July 13, 2019. Scot said that someone need to come to parks or council and share this information. The Mayor shouldn't have to read it in the DMRC's minutes. The Mayor said she and John have a meeting with the DMRC Liaison committee and will bring it up then.

Motion to adjourn at 7:12
