Ashlee talked about going to the school for Arbor Day. Marty said that Eddie Benner has someone who wanted to donate trees to put in at the south end of town. All business were notified about it and they all stated that they would not want the trees there and Marty said that he agreed. Marty said that we would possibly use them somewhere else if they still want to use them in the village but we would need to know what kind they are.

Randy asked when brush pick up was going to be and was told that it has already happened for this month. He also mentioned that service should get a chipper.
