Mayor advised that she checked on the stump by the flag tower. It is part of the expense of taking down the tree by DMRC according to Jim Oster. Jim told the Mayor that Norm E. has someone who was supposed to grin the stump. Jim will contact Norm.

Tree removal letters: 5 or 6 letters were sent out earlier and Mayor had them resent certified. Half have responded. According to the ordinance if we have tried to contact the property owners (and we have both regular mail and certified) we can move forward. The tree will be scheduled to be taken down.

Red Gate in Shalersville will take the large tree at the north park. All we have to do is get it to them. It is too big for the backhoe lift. Mayor agreed to contact F&S and see what they would charge to move it.

Marty made a motion to cancel Shade Tree in September, Randy second all yeas.

7:32 p.m. meeting adjourned all yeas
