

Parks Meeting

May 20, 2020

Ashlee called the meeting to order at 6:30 p.m.

Members present: Ashlee Hawkins, Scott Weaver, Marty Hura, Don Buchert

Others present: Mayor Clark and Michele Stuck

Motion to accept Lisa Zamecnik resignation due to health reason by Marty second by Ashlee all yeas

Ashlee new business review kiosk. Ashlee tabled that until we can meet in person

Mayor told the committee that the DMRC asked to print signs for COVID19 to put in the parks that reads "Remember to: Practice social distancing- Protect yourself by Sanitizing – Respect the Earth by disposing of trash responsibly.

I've only seen them at the mini park. I'll check with them and see if they are putting them at Buchert Park also, if not see where they had them printed so we could put a few up.

Marty brought up about the status of phase 2 Buchert Park Trail. Mayor explained that we are up to option 4. The fish hook connecting to phase one. The painting the cross walk this year adding signage. And doing the gravel section from High St by the river going north toward Sontag Lane this part was originally in phase three but to utilize the most of the grant funds without increasing DMRC's match this was the best way to go, plus adding treated lumber to replace the seats and backs on the concrete green and red benches that we have already and just clear coating them.

Directional signs on hold

Cameras on hold

Greg B emailed in with a question on Can we have the June Parks and Shade Tree meeting at the park June 17 for summer Solti's. Everyone thought it was a good idea, but the Lodge, pavilions and playground are closed due to the pandemic. Ashlee said she would make a decision around June 1st, after seeing what the Governor says. She will let everyone know and have Jenny do a change in the paper if necessary.

Ashlee said it is sad to see Breakaway closed. The Mayor said she heard that they were moving into the Sigtist basement across from Compass.

Motion to adjourn at 6:48 by Ashlee all yeas
